SECRET/COUTROL/US OFFICIALS ONLY ... 2 ... 25X1 25X1 bordered red epaulets, carried a stove from the camp in the woods to the city where the stove was unloaded in front of a building. Afterwards the truck left toward Kaisersteinbruch. Two T-34 tanks and four SP guns were seen in the yard of the garages southeast of the railroad station. Some officers and HM were also seen there, 25X1 Comment. The two T-34 tanks probably belong to the 55th Tank ng Bn of the 13th Gds Necz Div. which is carried in Gootzendorf. 25X1 25X1 25X1 25X1 25X1 The AA guns observed at the cantonment east of Kaisersteinbruch probably belong to the 2500th Gds AAA Regt of the 13th Gds Mesz Div. Further information is required to determine whether the artillery pieces often observed on the hill east of the above cantonment are AA guns or possibly 122-mm howitzers. Otherwise they possibly belong to the 32nd Cds How Arty Regt of the 13th Cds Meez Mr which is believed to be stationed at Kaisersteinbruch. Comment. The tanks and SP guns observed in Bruck an der Leitha 25X1 probably belong to the 15th Tank Regt of the 13th Gds Neoz Div.
